Dine

Food & Drink

Elinext collaborated with Hoople SAS to put another social product on the market. Dine is an application that allows you to track your eating outs, rate the places and dishes using several criteria, share your opinion and read what others think, too. Reveal your inner food critic and photographer.

- iCloud synchronization
- Share on Faceboook, Twitter, Hoople
- Restaurants & dishes rating
- Take & edit pictures

Market results:

- Top-paid iPhone app in China, Japan, Russia
- Available for iPhone, iPad, Apple Watch

PlantControl

Lifestyle

Elinext implemented a IoT solution for plants. The PlantControl app connected to the smart sensor collects data on your plants' nutrition intakes and health in real-time. Any negative change in moisture, temperature, sunlight, fertilizer parameters will trigger an alert to be sent to your device so you take action. Now you are always there for your plants and they are thankful to you.

- Real-time monitoring
- Bluetooth 4.0
- Alert notifications
- 8,000 plants in database
- To-do lists

Market results:

- Over 65,000 thankful plants
- Scientific cooperation with top labs & universities
- Works on iOS and Android phones and tablets
- Multi-language support
